4 Bedroom, 2.50 Bathroom, 1,469 sqft

Single Family on 0.00 Acres

Satoo, Edmonton, AB

Simply lovely two storey home available in Satoo. Non zero, partial pie lot is fenced in and has a rear concrete pad for a future garage. This home has been partially updated both in and out. Out side you have a rear gazebo on a vinyl maintenance free deck. Step inside and you are greeted with a familiar floor plan that builders used for decades with a front living room and dinning room that is backed by a kitchen dinning nook and two piece bath. This home gets really good natural light and has had a little over half of its windows replaced too. As you head upstairs you get a large picture window on the staircase, 3 bedrooms and two baths. The 2nd bedroom was set up as an additional master closet for those buyers that need a much closet space as possible but could easily be converted back to the original layout if wanted. Master bedroom has really good space with a bay window, decent walk-in closet and a 3 piece bath. Basement is fully finished with a rec room and an additional bedroom.

Built in 1993
